- Able to perform excellent teamwork using social skills
- Calm but confident and responsible with his tasks

WORK EXPERIENCE

Comfenalco

React Web Developer

Remarkable Details
As a Web Developer at Comfenalco I was continually developing several screens at a visual and functional level for comfeweb and at the same time other projects, consuming APIS that they provided me, at the same time solving bugs and analyzing the operation of the product before moving on to a trial period for further development effectiveness.

- Development web Front-end
- JavaScript
- TypeScript
- HTML
- CSS - Tailwind - Bootstrap
- React y Angular
- GIT
- SCRUM
- Microfrontend React
- Devops
- PostMan
